BTW. NL.80.80.16.532.B01
KvK 270.13.30.05

The bottle and the cap/pull-lid we manufacture are made of Polyethylene. Polyethylene is a material that is food approved. In the enclosure you find a certificate of compliance for the material Polyethylene. It states Polyethylene complies with the conditions of material that come in contact with food. Polyethylene can be recycled.

We herewith declare that we only use Polyethylene from Borealis.

The colour pigments we use are food approved as well. We add a statement of Color Service the company that delivers the colour pigments.

Wassenaar the 1st of Januari 2009

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke at the end.
